Entering the villa through the front door there are two lounge areas with a partition wall that can easily be converted back into one large area. Leading from the lounge is a seperate kitchen with a small yard yard and utility cupboards outside ...

high house the washing machine, boiler etc. The vaulted ceiling in the lounge adds Spanish character to the villa, there is also an open staircase which leads to the large master bedroom and en suite bathroom. Downstairs there are also 3 double bedrooms one of which is en suite and another family bathroom. The property is in need of some modernisation although it is perfectly habitable as it is. This would make a wonderful home in the exclusive area of Punta Prima which has shops, restaurants and beaches within easy reach. The popular La Zenia Boulevard is also a short drive.
